Fiberglass Doors Fiberglass Sidelights Steel Doors Steel Sidelights Transoms

Door Construction

We feature steel and fiberglass doors from Masonite International, and fiberglass doors from MasterGrain. Albany Door Company offers 25 different paint colors, 12 stain colors, and the option to custom paint more than 200 door styles.

Optimum Security

All doors are made with a reinforced lockset area to provide a rigid, secure base. In addition to the reinforcement on the door slab, Albany Door also installs an 18 guage steel plate on the strike area of all our wood frame units.

Fiberglass Door Construction

Steel Door Construction

Interlocking Steel Edge

Incorporates six 90° steel bends in each edge ensuring stability and strength.

Reinforced Lockset Area

Provides a rigid base for locksets.

Hinge Reinforcement

The 12-gauge plate riveted inside each door adds extra strength to the hinge area.

Energy Efficiency

Our steel and fiberglass doors provide the kind of energy efficiency that can really contribute to lower home heating and cooling costs. With an average U Value below .30, we design our door units to be as energy efficient as possible.

Albany Door's Weather Fighting Frame System

CONTINUOUS FRAME HEAD

Using a continuous head, sill assembly maximizes the stability of any sidelight unit.*

Strike Reinforcement

An 18 Gauge Steel Plate is attached to the back side of every wood frame for enhanced security

FRAMESAVER®

The bottom 5 inches of all our exterior frames and mouldings are made with a wood composite guaranteed not to wick water

CONTINUOUS FRAME SILL

The continuous sill system virtually eliminates racking and bending because it is one solid unit. Mill finish shown is standard Brass and Bronze are available.*

COMPOSITE ADJUSTABLE RISER

Our composite riser is wear resistant, not subject to the effects of water or the transmission of hot and cold while still adjustable to maintain an optimal weather seal.

TRIPLE BOTTOM SEAL

The door seal on all our door bottoms is a bulb, fin, bulb configuration assuring a triple seal against wind and rain.

*In some instances your contractor may deem a box built unit is more appropriate for your particular installation. All our new construction frames are designed to be storm door ready (up to 8-5/8" jamb depth).

Albany Door Company, Inc.

PRE-FINISHED ENTRY DOOR SYSTEM LIMITED WARRANTY

Albany Door Company, Inc., warrants to the original purchaser, that the door system will be free of defects in materials and workmanship under normal use. This warranty covers materials only.

Fiberglass Entry Doors: LIMITED LIFETIME WARRANTY, the door panels are warranted not to shrink, warp, split, crack or delaminate for the lifetime of the door.

Steel Entry Doors: LIMITED 15 YEAR WARRANTY, the door panels are warranted not to shrink, warp, split, crack or delaminate for fifteen (15) years.

Door glass and door glass frames: LIMITED 10 YEAR WARRANTY, glass units, internal blind units, internal muntin units, and glass frames are warranted against seal failure and defects in material and workmanship for a period of ten (10) years from date of installation. This includes doors that are installed with a storm door.

Factory Paint and Stain finishes: LIMITED 7 YEAR / 1 YEAR WARRANTY, paint and stain finishes on the door unit and glass frame are warranted against flaking, checking, blistering or peeling for a period of seven (7) years. After three years the clear coat on stained surfaces may start to discolor, it is the owner's responsibility to apply a fresh coat of exterior polyurethane in accordance with the manufacturer's instructions. If the factory finish is visibly scratched, scuffed or otherwise damaged, it is the owner's responsibility to repair immediately. Failure to maintain this coating will void this warranty. Paint finishes on the exterior components of the wood frame are warranted against flaking, checking, blistering or peeling for a period of 1 year from date of installation. If the factory finish is visibly scratched, scuffed or otherwise damaged, it is the owner's responsibility to repair immediately. Failure to maintain this coating will void this warranty.

Fading is a natural occurring event and is not covered by this warranty.

Standard wood frames and components: LIMITED LIFETIME WARRANTY, door frames will not rot, decay or suffer fungal damage resulting from water absorption through the bottom of the frame.

The "Z-Series Composite Threshold" supplied with wood frames also carries a LIMITED LIFETIME WARRANTY.

Steel L-frame, stops and oak adjustable threshold: LIMITED 5 YEAR WARRANTY, replacement frame components are warranted against defects in material and workmanship for five (5) years.

Hardware: LIMITED 5 YEAR WARRANTY, hinges, kick plates, magazine slots, door knockers, peepsites, door closers, are warranted against mechanical defects and tarnishing for a period of five (5) years except hinges with exterior exposure unless those hinges are stainless steel (320).

Kwikset® locks: LIMITED LIFETIME MECHANICAL, LIMITED LIFETIME FINISH, LIMITED 10 YEAR FINISH, LIMITED 5 YEAR FINISH, L03 finishes are finish warranted against tarnishing for the lifetime of the lock, Chelsea®, Commonwealth®, Hancock® and 780/785 deadbolts with finishes other than L03 are finish warranted against tarnishing for ten (10) years; Montara™, Lido™, Tustin™, Delta™ and 660/665 deadbolts with finishes other than L03 are finish warranted against tarnishing for five (5) years. Performance on Kwikset®'s warranty is through their customer service at 1-800-327-LOCK (5625).

Schlage® locks: LIMITED LIFETIME MECHANICAL, LIMITED LIFETIME FINISH, finishes are warranted against tarnishing for the lifetime of the door except for the Oil Rubbed Bronze finish (613) which is designed to improve over time and change in appearance, creating a living finish through daily use and, thus, finish discoloration is not applicable to the warranty. Performance on Schlage®'s warranty is through their customer service at 1-888-805-9837.

The warranty excludes failures which are the result of: (1) Accidents, fires, acids, fumes, chemicals; (2) Improper use; (3) Improper installation; (4) Abuse; (5) Vandalism; (6) Prolonged water infiltration; (7) Acts of God.

NOTHING IN THIS WARRANTY SHALL RENDER ALBANY DOOR COMPANY, INC. IN ANY RESPECT LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING ANY DAMAGE TO BUILDINGS OR OTHER PROPERTY, OR FOR ANY INJURIES OR DAMAGE SUSTAINED BY ANY PERSONS WHOMSOEVER. (SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.)

To obtain performance of the warranty notify your contractor or dealer, in writing, of the problem incurred. Have them forward a copy of your notification along with our original invoice number and invoice date to the below address. Within 45 days of receipt of this notice an Albany Door Company, Inc. representative will arrange for inspection. If it is deemed to be a manufacturing defect, Albany Door Company, Inc. will arrange to supply replacement product or part to your contractor or dealer. Albany Door Company, Inc. reserves the right to make changes in any of its products or offerings. If the products covered by this warranty are not available, Albany Door Company, Inc. shall have the right to substitute a product that is of equal or better quality. The purchaser must pay for any and all labor necessary to install the product or replacement part and for the transportation from their contractor or dealer to his or her residence.

Albany Door Company, Inc., 5846 West 66th Street, Bedford Park, IL 60638

Skin Choices

SMOOTH STEEL (S)

MAHOGANY GRAIN FIBERGLASS (MB)

FIR GRAIN FIBERGLASS (FB, MGF)

ALDER GRAIN FIBERGLASS (MGA)

CHERRY GRAIN FIBERGLASS (MGC)

OAK GRAIN FIBERGLASS (ATO/TB)

SMOOTH FIBERGLASS (SB)

SMOOTH FIBERGLASS* (AS/MGS)

Please note - available skin types are dependent on the door style. Not all door styles are available in every skin.

**AS and MGS features a unique brushstroke texture on the surface of the door that's ideal for painting.*

BELLEVILLE™

Fiberglass Entry Doors

Introducing the

Belleville™ Fiberglass Door Collection,

shaping grand entryways with great looks and maximum design flexibility

HIGH-PERFORMANCE FIBERGLASS FACING

Smooth Belleville facing provides an extra smooth surface for painting that will not dent and resists splitting, cracking and warping.

HIGH-DEFINITION PANEL

New high-definition panel profile provides Smooth Belleville with excellent shadow lines and distinct panel designs.

STILE AND RAIL

Smooth Belleville replicates the appearance of a wood door with stile and rail detail.

POLYURETHANE CORE

Rigid polyurethane foam, meeting strict environmental guidelines, provides maximum thermal protection and dimensional stability.

TRUE SQUARE-EDGE DESIGN

The square-edge design of Smooth Belleville offers an attractive wood door appearance.

HIGH-PERFORMANCE FIBERGLASS & HARDWOOD DOOR BEAUTY

Specially engineered fiberglass door facings provide maximum protection and durability. The surface of the Textured Belleville door produces an authentic wood door appearance by utilizing Masonite's new, variable depth, wood-grain texture that finishes beautifully.

HIGH-DEFINITION PANEL

New high-definition panel profile provides Textured Belleville with excellent shadow lines and distinct panel designs.

STILE AND RAIL

Textured Belleville replicates the appearance of a wood door with stile and rail detail.

POLYURETHANE CORE

Rigid polyurethane foam, meeting strict environmental guidelines, provides maximum thermal protection and dimensional stability.

TRUE SQUARE-EDGE DESIGN

The square-edge design of Textured Belleville offers an attractive wood door appearance.

Mastergrain Fiberglass

NVD Technology is a patented process that authentically replicates any natural surface. The door process begins by hand selecting the most desirable wood pieces to build a real wood door. A silicone casting accurately picks up the finest details of the wood grain and is transferred into a door mold using our Nickel Vapor Deposition Technology. The mold produces fiberglass skins used on MasterGrain doors with random grain depths and all the natural characteristics of real wood making our doors virtually indistinguishable to real wood doors. Master Grain door codes are MGC, MGF, and MGA.

Premium Fiberglass Entry Doors, and Door Components.

MasterGrain Products are a premium line of fiberglass door system components featuring the most authentic wood grain replication in the door industry. Combine the beauty and their high quality construction to any fiberglass doors and you will see "The Difference is in the Details".

Through creativity, innovation and leading edge technology, they will continue to develop the finest door system components you can purchase to protect and enhance your home.

Cherry Grain Stain Colors

Berry Wine

MID-CENTURY MODERN

Door 1015 (8')
S, SB, TB

If you're inspired by the character of your home, this door glass is for you. Designed for homeowners who appreciate the history of architecture and the spirit of good design. This line of door glass puts a spotlight on the growing trend for renovations and remodels that are done with class and top-notch materials. A solution that is constructed with the performance features and sense of unique style that savvy homeowners want. Whether it's Mid-Century Modern, or today's most contemporary designs, this glass offers a clean, authentic style that's customized for your home.

PRIVACY GLASS

Striking the right balance between privacy and security for your home's entry and a desired level of natural light can be tricky. Move the scale too far to one side and you end up with a dark entryway. Move it too far to the other and you end up with too much visibility into your home. Privacy glass offers a balance of the two. It filters glass for privacy without filtering light.

INTERNAL MUNTINS

Low-E glass is made with an invisible thin metallic coating that blocks heat flow. A proven energy saver, Low-E glass reduces air conditioning costs by reducing solar transmissions in the summer. In winter, it reduces heat loss to the outside and allows solar energy to pass inside.

PRIVACY RATINGS

With all the variety of door glass designs with different types of glass and textures customers are asking questions about how we determine our privacy levels. With no industry standard, every manufacturer is free to determine what the opacity or privacy level is for their door glass. We are pleased to announce that we are leading the way with a standard test using a spectrophotometer to produce an objective number for every glass, every time. We've eliminated arbitrary numbers, simplified our privacy levels to four categories, and show visual examples for each level of privacy.

PANOLOCK™

THE NEW GENERATION OF
MULTI-POINT LOCKS

Multi-Point Lock
Performance Meets Style

No Hardware Constraints

Use your choice of most off-the-shelf hardware.

Three Times Stronger

All the strength and security of a traditional multi-point locking system.

Enhanced Performance

Two tapered locks enhance performance while reducing operation force.

Single Operation System

Most multi-point locks require extra steps to lock the door. With PanoLock's innovative latch and deadbolt adapters, simply turn the thumbturn to lock.

Flexibility

PanoLock can be used for both inswing and outswing.

WWW.ALBANYDOOR.CO

A beautiful door creates a lasting impact on the value of your home. Albany doors are not only energy efficient and increase curb appeal, but they are a reflection of those who reside within. We have a variety of styles to choose from, merging sophisticated taste with value.
